Nota. — C'est à tort qu'on a supposé la coopération de Mirabeau à la Galerie des états-généraux; il était trop occupé pour mettre du sien dans les portraits peu saillants que traçaient Lacroix et Luchet; et il est surtout invraisemblable de lui attribuer son propre portrait, sous le nom d'Iramba. On n'y reconnaît ni la manière dont il avait coutume de parler de lui-même, ni aucune forme de son style. — *Biographie universelle.*
